2023 - 2024

EXPERIENCES

Bengkel Koding

Web Developer Intern

Semarang, Jawa Tengah

Feb. – Present

Completed one-semester internship at Bengkel Koding as frontend developer in a 2-person team. Developed Alumni Manajement System for Computer Science department, currently deployed in production and used by multiple alumni. This project served as my final graduation.

- Build responsive frontend using Next.js 14 and Shadcn UI
- Implemented multi-role system (Alumni, Koordinator, Partners, and Students) with verified job postings
- Succesfully launched production website serving active alumni of Computer Science users
- Project qualified for graduation without undergraduate thesis requirement

Web Developer Assistant

Served as teaching assistant for "Bengkel Koding Web Developer Division" class with 24 students. Collaborated with partner to deliver comprehensive web development curriculum focused on practical project-based learning throughout one semester.

Feb – July 2025

- Conducted weekly live coding tutorials demonstrating Laravel 10 Hospital Appointment System development
- Created and managed weekly assignments to reinforce learning objectives
- Evaluated student progress through midterm and final examinations

Leolit Games

Frontend Developer Intern

Semarang, Jawa Tengah

Jan. – May, 2025

Developed company profile website as freelance frontend developer, delivering modern web solution within tight deadlines.

- Created responsive website using Next.js 14, Shadcn UI, and Tailwind CSS
- Implemented modern design principles for optimal user experience
- Succesfully delivered complete solution meeting all client requirements

Dian Nuswantoro Computer Club

Web Development Instructor | GTS (Go To School)

Semarang, Jawa Tengah

Oct., 2023

Conducted community outreach program teaching web development fundamentals to high school students (SMAN 7 Semarang) through hands-on learning approach.

- Delivered 2 on-site training sessions on HTML and vanilla CSS
- Created age-appropriate curriculum for foundational web technologies
- Fostered technology interest among younger generation

Web Development Mentor | BTNG (Basic Training for Next Generation)

July – Oct., 2023

Served as technical mentor for web development training program, teaching 20+ students over 4-week curriculum while collaborating on official BTNG event website.

- Conducted 4 training sessions covering HTML, CSS, Bootstrap, and GitHub
- Collaborated with web division team to create official BTNG event website
- Presented at BTNG 2022 opening ceremony representing web development division

ORGANIZATIONAL & VOLUNTEER EXPERIENCES

Dian Nuswantoro Computer Club

Web Developer Division

Semarang, Jawa Tengah

July 2023 – Present

Member of web developer division contributing to multiple DNCC events throughout the year. Demonstrated versatility by taking on different roles across various events while maintaining technical responsibilities for web development.

- **Techverse Event:** Event Lead - Led seminar "How to Train Your Data" with two industry expert speakers, managing complete event lifecycle from concept to execution.
- **AFG Event:** Event Committee Member - Contributed to event planning and coordination, ensuring smooth execution of program activities
- **MUBES Event:** Public Relations Officer - Managed communication strategies and stakeholder engagement for organizational meeting
- **Other Events:** Actively participated in various DNCC events with different roles including mentorship, event coordination, and technical support
- **Technical Contribution:** Created custom websites for all major DNCC events, ensuring consistent digital presence
